

The following apps are required for your child's iPad. If you already have these apps, please make sure they are the most up to date version. Thank you.

App Name	Description	Price
	Create logos, icons, illustrations, and more using powerful, easy to use features usually only found in professional desktop software. Assembly is the revolutionary vector design tool that lets you imagine and produce quality work in half the time.	Free
	Blockly is a visual drag-and-drop programming tool developed by Google that allows children to snap together commands like puzzle pieces. Take on coding challenges and invent your own creations by using Blockly to control Dash & Dot!	Free
	Book Creator is the simple way to make your own beautiful ebooks, right on your iPads.	Free
	Canva makes design amazingly simple (and fun)! Create stunning designs with your photos and videos—even if you're not a design expert!	Free
	Over one million people have enjoyed Cargo-Bot! The puzzle game that challenges your brain and helps you learn programming concepts. It's a puzzle game where you teach a robot how to move crates.	Free
	Clips is a free app that lets you make fun videos to share with friends and family. With a few taps you can create and send a video message or tell a quick story with artistic filters, animated text, music, emoji and fun stickers featuring characters from Star Wars, Disney•Pixar and more.	Free
	Educreations is a unique interactive whiteboard and screencasting tool that's simple, powerful, and fun to use. Annotate, animate, and narrate nearly any type of content as you explain any concept. Teachers can create short instructional videos and share them instantly with students, or ask students to show what they know and help friends learn something new.	Free
	Welcome to Epic! - the leading digital library for kids, where kids can explore their interests and learn with instant, unlimited access to 25,000 high-quality ebooks, audiobooks, learning videos, and quizzes for kids 12 and under.	Free
	GarageBand turns your iPad and iPhone into a collection of Touch Instruments and a full-featured recording studio — so you can make music anywhere you go. And with Live Loops, it makes it easy for anyone to have fun creating music like a DJ. Use Multi-Touch gestures to play keyboards, guitars and create beats that make you sound like a pro — even if you've never played a note before. Plug in a guitar or bass and play through classic amps and stompbox effects. Use a Touch Instrument, microphone or a guitar and instantly record a performance with support for up to 32 tracks. Use the Sound Library to download additional free instruments, loops and sound packs.	Free

<p>Google Classroom</p> 	<p>Classroom is a free service for schools, non-profit organisations and anyone with a personal Google account. Classroom makes it easy for learners and instructors to connect – inside and outside of schools. Classroom saves time and paper, and makes it easy to create classes, distribute assignments, communicate and stay organised.</p>	Free
<p>Google Docs</p> 	<p>Create, edit, and collaborate on the go with the Google Docs app.</p>	Free
<p>Google Drive</p> 	<p>Get started with Google Drive for free and have all your files within reach from any smartphone, tablet, or computer. All your files in Drive – like your videos, photos, and documents – are backed up safely so you can't lose them. Easily invite others to view, edit, or leave comments on any of your files or folders.</p>	Free
<p>Google Earth</p> 	<p>Explore the whole world from above with satellite imagery, 3D terrain of the entire globe and 3D buildings in hundreds of cities around the world. Zoom to your house or anywhere else then dive in for a 360° perspective with Street View. See the world from a new point of view with Voyager, a collection of guided tours from BBC Earth, NASA, National Geographic and more. And now, visualise the immersive maps and stories you've created with Google Earth on web on your mobile device.</p>	Free
<p>Google Sheets</p> 	<p>Create, edit, and collaborate with others on spreadsheets from your iPod, iPhone, or iPad with the free Google Sheets app.</p>	Free
<p>Google Slides</p> 	<p>Create, edit, and collaborate with others on presentations from your iPod, iPhone, or iPad with the free Google Slides app.</p>	Free
<p>Grasshopper: Learn to Code</p> 	<p>Grasshopper is the best way to start your coding adventure with fun, quick games on your phone that teach you to write real JavaScript. Move through progressively challenging levels as you develop your abilities, then graduate with fundamental programming skills for your next step as a coder.</p>	Free
<p>Hopscotch</p> 	<p>Learn to code and make your own games with Hopscotch.</p>	Free
<p>iMotion</p> 	<p>iMotion is an intuitive and powerful time-lapse and stop-motion app for iOS. Time-lapse is a cinematography technique which accelerates movement. It can be used to photograph cloudscales, plants growing, crowds, etc.</p>	Free
<p>iMovie</p> 	<p>With a streamlined design and intuitive Multi-touch gestures, iMovie lets you enjoy your videos and tell stories like never before.</p>	Free
<p>Kahoot!</p> 	<p>Create your own quizzes in seconds, play anywhere, anytime, on your own or with friends, have fun and LEARN! Kahoot! unleashes the magic of learning for students, teachers, office superheroes, trivia fans and lifelong learners.</p>	Free

<p>Keynote</p> 	<p>Keynote is the most powerful presentation app ever designed for a mobile device. Built from the ground up for iPad, iPhone, and iPod touch, it makes creating a world-class presentation — complete with animated charts and transitions — as simple as touching and tapping.</p>	<p>Free</p>
<p>Mathigon</p> 	<p>Mathigon makes learning more interactive and engaging than ever before – using interactive courses, virtual manipulatives, games, puzzles and more! Highly interactive content allows students to actively “explore and discover”. Rather than watching a video and memorizing procedures, students learn problem-solving, creativity and curiosity. Mathigon can seamlessly adapt to different abilities, and a virtual personal tutor provides tailored help and feedback in real-time.</p>	<p>Free</p>
<p>Mathletics Students</p> 	<p>The Mathletics app is a student's best companion tool for Mathletics – the world's leading online mathematics program. We've designed the app to give students the freedom to learn on the go. Students can complete curriculum activities in online or offline mode and track their own progress and improvement.</p>	<p>Free</p>
<p>Minecraft: Education Edition</p> 	<p>Minecraft: Education Edition is a game-based learning platform that promotes creativity, collaboration and problem-solving in an immersive digital environment. Educators around the world use Minecraft: Education Edition to engage students across subjects and bring abstract concepts to life.</p>	<p>Free</p>
<p>Numbers</p> 	<p>Numbers is the most innovative spreadsheet app ever designed for a mobile device. Created exclusively for iPad, iPhone, and iPod touch, Numbers includes support for Multi-Touch gestures and Smart Zoom so you can create powerful spreadsheets using just your fingers.</p>	<p>Free</p>
<p>Pages</p> 	<p>Pages is the most beautiful word processor you've ever seen on a mobile device. Start with an Apple-designed template to instantly create gorgeous reports, digital books, resumes, posters and more. Or use a blank document and create your own design. Easily add images, movies, audio, graphs and shapes. You can even draw and annotate using Apple Pencil on supported devices, or with your finger. Pages has been designed exclusively for the iPad, iPhone and iPod touch.</p>	<p>Free</p>
<p>Paper by WeTransfer</p> 	<p>Paper® is the immersive sketching app for capturing ideas anywhere.</p>	<p>Free</p>
<p>PicCollage Grid &amp; Photo Editor</p> 	<p>A fun photo collage editor with free stickers, grids, fonts &amp; cards for your autumn and Halloween stories! Download the best free photo editing app for making collages, stories, wallpapers and cards! Choose from hundreds of photo grids, exclusive stickers, and festive background patterns. Then use our intuitive tools to clip, draw, and decorate your collages!</p>	<p>Free</p>
<p>Popplet Lite</p> 	<p>Popplet is the simplest tool to capture and organize your ideas. With Popplet you can quick jot down your ideas and sort them visually. Popplet is great for school and for learning in the classroom and at home. Students use Popplet to think and learn visually. By capturing facts, thoughts, and images, students learn to create relationships between them and generate new ideas.</p>	<p>Free</p>
<p>Prodigy</p> 	<p>Amazing pets, epic battles and ... math practice? That's Prodigy, the no-cost math game where kids can earn prizes, go on quests and play with friends — all while learning math.</p>	<p>Free</p>

<p>QR-Code Maker</p> 	<p>Make exciting QR-codes in a few clicks!</p>	<p>Free</p>
<p>Sphero Edu</p> 	<p>Sphero Edu is your hub to create, contribute, and learn with Sphero robots. Go beyond code by incorporating unique STEAM activities to complete with your bot. Designed for learner progression, Sphero Edu beginners can give robots commands by drawing a path in the app for their robot to follow. Intermediate coders can use Scratch blocks to learn more advanced logic, while pros can use text programming and write their own JavaScript.</p>	<p>Free</p>
<p>Swift Playgrounds</p> 	<p>Swift Playgrounds is a revolutionary app that makes it fun to learn and experiment with code. You solve interactive puzzles in the guided "Learn to Code" lessons to master the basics of coding, or experiment with a wide range of challenges that let you explore many unique coding experiences.</p>	<p>Free</p>
<p>The Calculator</p> 	<p>The Free Calculator simplifies your life and multiplies your opportunities! For work, school and home. Basic calculator and a scientific mode for more extensive math. Simply use it for every calculation. Even dictate equations with your voice. Count on it whenever, wherever.</p>	<p>Free</p>
<p>Tynker: Coding Games for Kids</p> 	<p>Tynker is the #1 Kids Coding platform! Over 60 million kids and thousands of schools use Tynker's award-winning curriculum to learn to code! Strengthen your child's educational foundation with step-by-step tutorials that teach kids coding in a way they enjoy. Your child will learn as they build games and apps, modify Minecraft, program drones, control micro:bit, and even explore STEM.</p>	<p>Free</p>
