

The following apps are recommended for your child's iPad. All apps can be located within the Cambridge PS 'Self Service' app store or can be installed via the Apple iOS app store. If you already have the apps installed, please make sure they are the most up to date version.

App Name	Description	Price
<p>10 Frame Fill</p> 	<p>"10 Frame Fill" provides children practice with recognizing additive "10 Families" (e.g., 1 and 9, 2 and 8, etc.). Set the 10 Frame to fill in sequence or randomly. Use contrasting color chips to fill the 10 frame as you determine the answer. Select to show a corresponding number sentence.</p>	Free
<p>Blockly for Dash & Dot robots</p> 	<p>Blockly is a visual drag-and-drop programming tool developed by Google that allows children to snap together commands like puzzle pieces. Take on coding challenges and invent your own creations by using Blockly to control Dash & Dot!</p>	Free
<p>Book Creator</p> 	<p>Book Creator is the simple way to make your own beautiful ebooks, right on your iPads.</p>	School License (available via Cambridge PS 'Self Service' app store)
<p>Cargo-Bot</p> 	<p>Over one million people have enjoyed Cargo-Bot! The puzzle game that challenges your brain and helps you learn programming concepts.</p> <p>It's a puzzle game where you teach a robot how to move crates.</p>	Free
<p>Clips</p> 	<p>Clips is a free app that lets you make fun videos to share with friends and family. With a few taps you can create and send a video message or tell a quick story with artistic filters, animated text, music, emoji and fun stickers featuring characters from Star Wars, Disney•Pixar and more.</p>	Free
<p>Daisy the Dinosaur</p> 	<p>Learn the basics of coding with Daisy the Dinosaur! Built by the creators of Hopscotch. This free, fun app has an easy drag & drop interface that kids of all ages can use to animate Daisy and make her dance on their screen. Kids will intuitively grasp the basics of objects, sequencing, loops and events by solving this app's challenges.</p>	Free
<p>Dice Roll Game</p> 	<p>You hate ads? So do we! This app has no ads for a seamless experience. Ever forgot or lost a Dice?!</p> <p>We have the solution for you, this dice simulator can display up to 8 dice so you can play your favourite game.</p>	Free
<p>Doodle Buddy</p> 	<p>Doodle Buddy is the most fun you can have with your finger! It's for everyone--from the serious artist to someone just starting out.</p> <ul style="list-style-type: none"> - Draw on your pics or dozens of included backgrounds. - Over 1400 stamps :-)) to decorate your drawings and pics. - Smudge works just like your finger on chalk, but your fingers don't get dirty! - Stencils make it easy to draw perfect circles, squares, triangles or even intricate snowflakes. 	Free
<p>Educreations Whiteboard</p> 	<p>Educreations is a unique interactive whiteboard and screencasting tool that's simple, powerful, and fun to use. Annotate, animate, and narrate nearly any type of content as you explain any concept. Teachers can create short instructional videos and share them instantly with students, or ask students to show what they know and help friends learn something new.</p>	Free
<p>EPIC!</p>	<p>Welcome to Epic! - the leading digital library for kids, where kids can explore their interests and learn with instant, unlimited access to 25,000 high-quality ebooks, audiobooks, learning videos, and quizzes for kids 12 and under.</p>	Free (when used during school hours)

		
<p>Fractions, by MLC</p> 	<p>Fractions lets students use a bar or circle to represent, compare, and perform operations with fractions with denominators from 1 to 100. Choose the fraction model and number of equal parts. Use a color to select specific parts to show a fraction of the whole. Reveal or hide numeric labels as needed. Superimpose fractions upon each other to compare fractions or see equal parts.</p>	<p>Free</p>
<p>Garageband</p> 	<p>GarageBand turns your iPad and iPhone into a collection of Touch Instruments and a full-featured recording studio — so you can make music anywhere you go. And with Live Loops, it makes it easy for anyone to have fun creating music like a DJ. Use Multi-Touch gestures to play keyboards, guitars and create beats that make you sound like a pro — even if you've never played a note before. Plug in a guitar or bass and play through classic amps and stompbox effects. Use a Touch Instrument, microphone or a guitar and instantly record a performance with support for up to 32 tracks. Use the Sound Library to download additional free instruments, loops and sound packs. Audio Unit Extensions in iOS 13 allow you to play, record and mix third-party instruments or effects right into GarageBand. And then share your song with friends and family.</p>	<p>Free</p>
<p>Go for Dash & Dot Robots</p> 	<p>Whew! Dash & Dot have travelled the seas and finally arrived at your doorstep. Now it's your mission to show them how to play! Get full control of Dash & Dot with the Go app.</p> <p>Send Dash on missions to deliver messages, use Dot to act out storybook characters, and go out and explore the world together. Ready, set, Go! This app is just the beginning of coding and playing with Dash & Dot.</p>	<p>Free</p>
<p>Google Classroom</p> 	<p>Classroom is a free service for schools, non-profit organisations and anyone with a personal Google account. Classroom makes it easy for learners and instructors to connect – inside and outside of schools. Classroom saves time and paper, and makes it easy to create classes, distribute assignments, communicate and stay organised.</p>	<p>Free</p>
<p>Google Docs</p> 	<p>Create, edit, and collaborate on the go with the Google Docs app.</p>	<p>Free</p>
<p>Google Drive</p> 	<p>Get started with Google Drive for free and have all your files within reach from any smartphone, tablet, or computer. All your files in Drive – like your videos, photos, and documents – are backed up safely so you can't lose them. Easily invite others to view, edit, or leave comments on any of your files or folders.</p>	<p>Free</p>
<p>Google Sheets</p> 	<p>Create, edit, and collaborate with others on spreadsheets from your iPod, iPhone, or iPad with the free Google Sheets app.</p>	<p>Free</p>
<p>Google Slides</p> 	<p>Create, edit, and collaborate with others on presentations from your iPod, iPhone, or iPad with the free Google Slides app.</p>	<p>Free</p>
<p>iMovie</p> 	<p>With a streamlined design and intuitive Multi-touch gestures, iMovie lets you enjoy your videos and tell stories like never before.</p>	<p>Free</p>

<p>Kahoot!</p> 	<p>Create your own quizzes in seconds, play anywhere, anytime, on your own or with friends, have fun and LEARN! Kahoot! unleashes the magic of learning for students, teachers, office superheroes, trivia fans and lifelong learners.</p>	<p>Free</p>
<p>Keynote</p> 	<p>Keynote is the most powerful presentation app ever designed for a mobile device. Built from the ground up for iPad, iPhone, and iPod touch, it makes creating a world-class presentation — complete with animated charts and transitions — as simple as touching and tapping.</p>	<p>Free</p>
<p>Lightbot : Coding Hour</p> 	<p>Lightbot : Code Hour is a programming puzzle game- a game whose game mechanics require using programming logic to solve levels. This short teaser is meant to introduce players to programming who may have little to no experience. Anyone, anywhere, from grades K-12 can play, have fun and learn real programming logic!</p> <p>Simply guiding a robot to light up tiles and solve levels using commands, Lightbot cultivates a real understanding of procedures, loops, and conditionals.</p>	<p>Free</p>
<p>Math Clock, by MLC</p> 	<p>Math Clock helps students become fluent working with time. Learners use analog clocks with geared or free-moving hands to learn how to tell time, explore jumps with count by numbers, and visualize story problems involving intervals of time. By placing and shading fraction overlays, students use the clock to contextualize fractions with frequently used denominators.</p>	<p>Free</p>
<p>Minecraft: Education Edition</p> 	<p>Minecraft: Education Edition is a game-based learning platform that promotes creativity, collaboration and problem-solving in an immersive digital environment. Educators around the world use Minecraft: Education Edition to engage students across subjects and bring abstract concepts to life.</p>	<p>Free</p>
<p>Number Frames, by MLC</p> 	<p>Number Frames help students structure numbers to five, ten, twenty, and one hundred. Students use the frames to count, represent, compare, and compute with numbers in a particular range.</p>	<p>Free</p>
<p>Number Line, by MLC</p> 	<p>Number Line helps students visualize number sequences and demonstrate strategies for counting, comparing, adding, subtracting, multiplying, and dividing. Choose number lines labelled with whole numbers, fractions, decimals, or negative numbers. Or use a blank number line, with or without tick marks.</p>	<p>Free</p>
<p>Number Pieces, by MLC</p> 	<p>Number Pieces helps students develop a deeper understanding of place value while building their computation skills with multi-digit numbers. Students use the number pieces to represent multi-digit numbers, regroup, add, subtract, multiply, and divide.</p>	<p>Free</p>
<p>Pages</p> 	<p>Pages is the most beautiful word processor you've ever seen on a mobile device. Start with an Apple-designed template to instantly create gorgeous reports, digital books, resumes, posters and more. Or use a blank document and create your own design. Easily add images, movies, audio, graphs and shapes. You can even draw and annotate using Apple Pencil on supported devices, or with your finger. Pages has been designed exclusively for the iPad, iPhone and iPod touch.</p>	<p>Free</p>
<p>Path for Dash robot</p> 	<p>Draw a path to your next adventure with Dash! Program your robot using a single "line" of code at the racetrack, on a farm, or even an obstacle course of your own. Unlock special abilities, sounds, and animations as you go forth and explore.</p>	<p>Free</p>

<p>PicCollage Grid & Photo Editor</p> 	<p>A fun photo collage editor with free stickers, grids, fonts & cards for your autumn and Halloween stories!</p> <p>Download the best free photo editing app for making collages, stories, wallpapers and cards! Choose from hundreds of photo grids, exclusive stickers, and festive background patterns. Then use our intuitive tools to clip, draw, and decorate your collages!</p>	<p>Free</p>
<p>Popplet Lite</p> 	<p>Popplet is the simplest tool to capture and organize your ideas. With Popplet you can quick jot down your ideas and sort them visually.</p> <p>Popplet is great for school and for learning in the classroom and at home. Students use Popplet to think and learn visually. By capturing facts, thoughts, and images, students learn to create relationships between them and generate new ideas.</p>	<p>Free</p>
<p>Prodigy</p> 	<p>Amazing pets, epic battles and ... math practice? That's Prodigy, the no-cost math game where kids can earn prizes, go on quests and play with friends — all while learning math.</p>	<p>Free</p>
<p>ScratchJr</p> 	<p>By snapping together graphical programming blocks, children can make characters move, jump, dance, and sing. In the process, children learn to solve problems, design projects, and express themselves creatively on the computer. They also use math and language in a meaningful and motivating context, supporting the development of early-childhood numeracy and literacy. With ScratchJr, children don't just learn to code, they code to learn.</p>	<p>Free</p>
<p>Sphero Edu</p> 	<p>Sphero Edu is your hub to create, contribute, and learn with Sphero robots. Go beyond code by incorporating unique STEAM activities to complete with your bot.</p> <p>Designed for learner progression, Sphero Edu beginners can give robots commands by drawing a path in the app for their robot to follow. Intermediate coders can use Scratch blocks to learn more advanced logic, while pros can use text programming and write their own JavaScript.</p>	<p>Free</p>
<p>The Calculator</p> 	<p>The Free Calculator simplifies your life and multiplies your opportunities! For work, school and home. Basic calculator and a scientific mode for more extensive math. Simply use it for every calculation. Even dictate equations with your voice. Count on it whenever, wherever.</p>	<p>Free</p>
<p>Tynker: Coding Games for Kids</p> 	<p>Tynker is the #1 Kids Coding platform! Over 60 million kids and thousands of schools use Tynker's award-winning curriculum to learn to code!</p> <p>Strengthen your child's educational foundation with step-by-step tutorials that teach kids coding in a way they enjoy. Your child will learn as they build games and apps, modify Minecraft, program drones, control micro:bit, and even explore STEM.</p>	<p>Free</p>
<p>Wonder for Dash and Dot Robots</p> 	<p>Wonder makes robotics as delightful as finger painting. With a picture-based language and guided challenges, Wonder is the first coding tool that lets kids have fun with robotics all on their own.</p> <p>This app comes packed with over 50 challenges that will teach you how to code with Wonder, and you'll be coding up a storm in no time.</p>	<p>Free</p>

*Prices are as of Feb-2023
